

PROUDLY MADE IN USA AT AN ISO 9001 CERTIFIED FACILITY

CONCRETE SEALER X-3

WATER BASED

Forms an invisible water and stain repellent barrier on concrete, masonry and brick surfaces.

Directions: Always test the surface to be treated in an inconspicuous area to ensure proper absorption by your concrete or brick prior to applying this product to the whole area. Place a few droplets of water on the surface and make sure they absorb within 30 seconds, if they do not then acid etch or grind before application. Brush, roll or spray onto the surface to be treated. Allow to dry for 2 – 4 hours maximum and then re-apply using the same procedure. Allow to cure overnight.

1. FIRST AID:

Flush with cool water for at least 15 minutes. Call a physician.

Skin - Wash thoroughly with soap and water. Call a physician.

Ingestion – Call a physician. Never give anything by mouth to an unconscious person.

Inhalation – If inhaled, remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Call a physician.

2. SPILL CONTROL: Eliminate all ignition sources and keep public away. Recover free product with absorbent materials and dispose of in accordance with local, State and Federal Regulations. Keep product out of sewers and water courses.

DANGER: Keep out of reach of children and animals.

Always wear gloves and protective goggles when using this product.

HMIS: H=1, F=0, R=0, PP=X

NET CONTENTS: 5 Gallons (18.9L)
